

CATALOGUE OF WORKS

Selected works.

A record of works made in the Beirut studio. Each is wound entirely by hand around nails set into the frame of a panel, with nothing placed inside it.

01

Blue Meridian

Blue thread folds into a ring of petals, each one traced by long straight lines. Where the lines overlap, the colour deepens into a quiet bloom.

YEAR	2024
SIZE	75 cm
THREAD	Blue

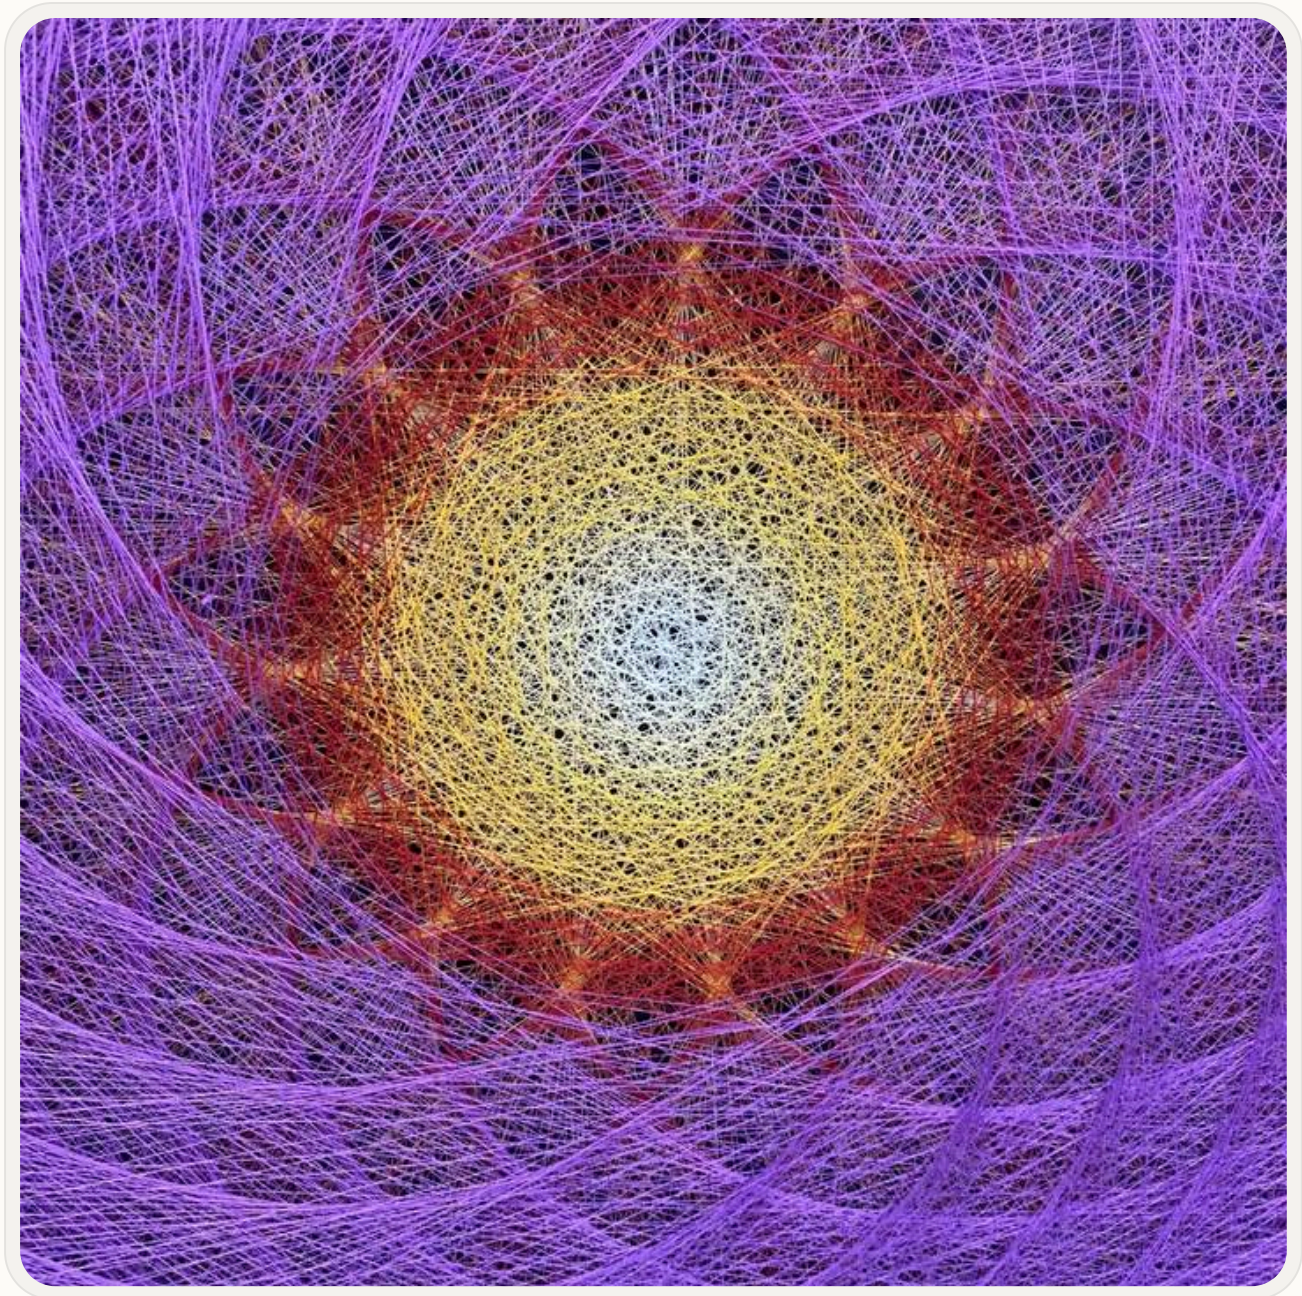

02

Cosmic Spiral

Five colours sweep toward a single centre like a galaxy turning. Orange, blue and burgundy trade places as the eye follows the spiral in.

YEAR	2025
SIZE	75 cm
THREAD	Burgundy, blue, orange, green, white

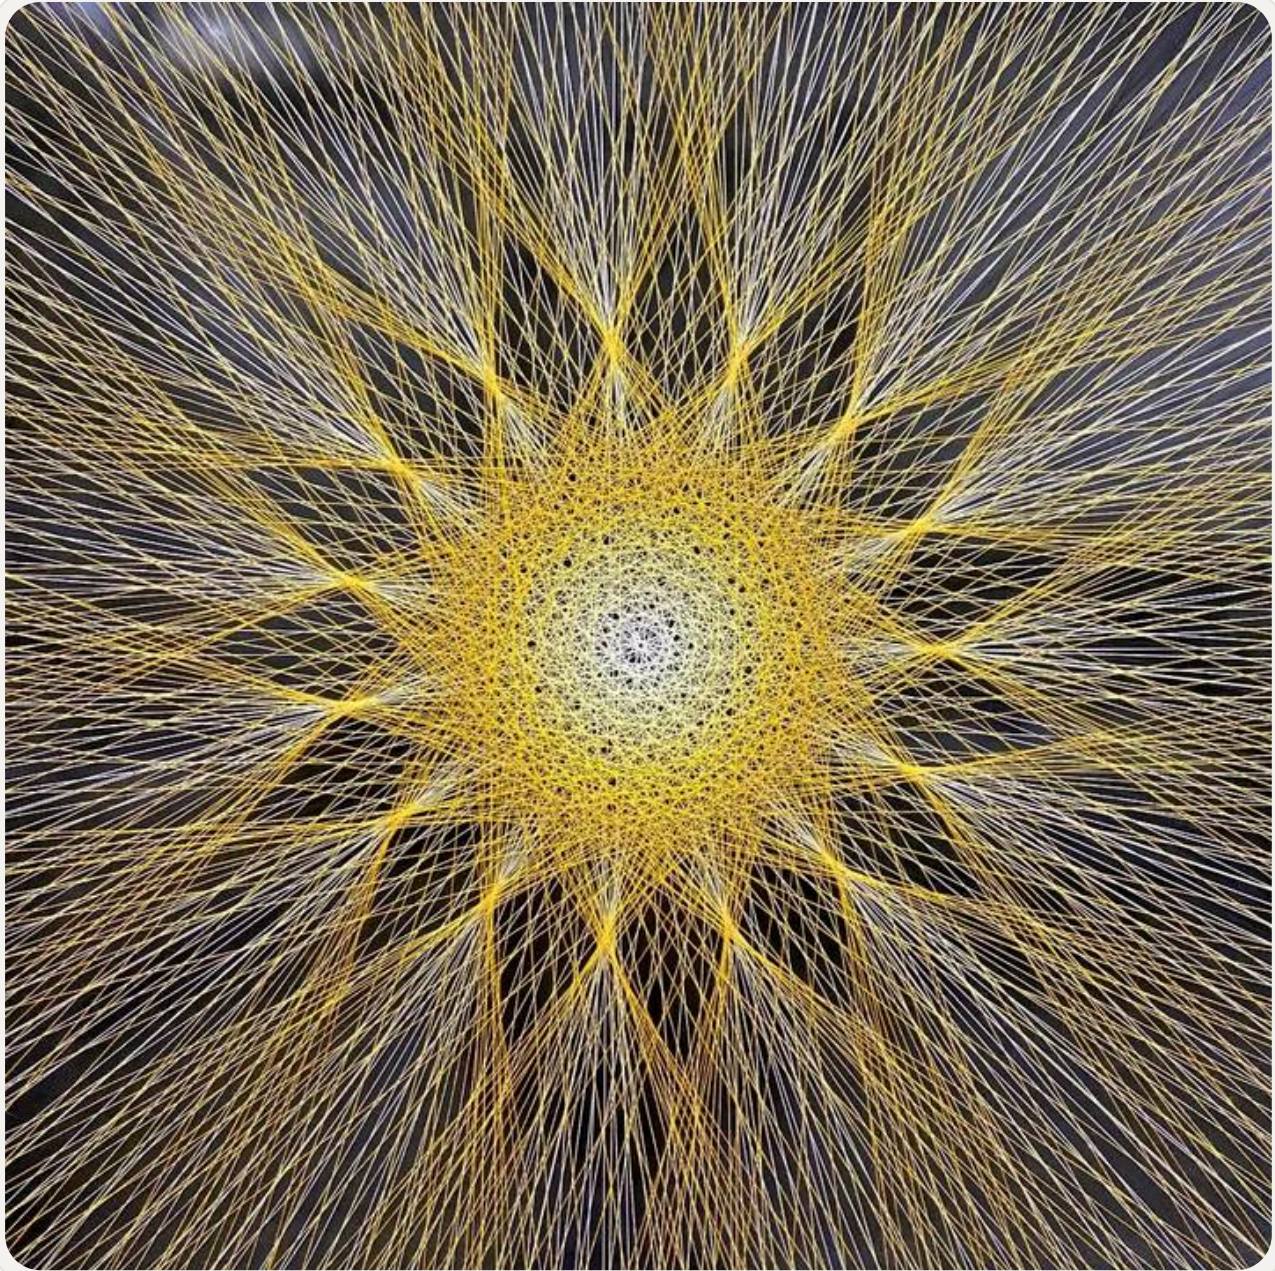

03

Purple Dawn

A warm yellow light rises through layers of violet and red. The colours move from edge to centre the way the sky changes just before sunrise.

YEAR	2025
SIZE	98 cm

THREAD White, five shades of yellow, orange red, purple, blue

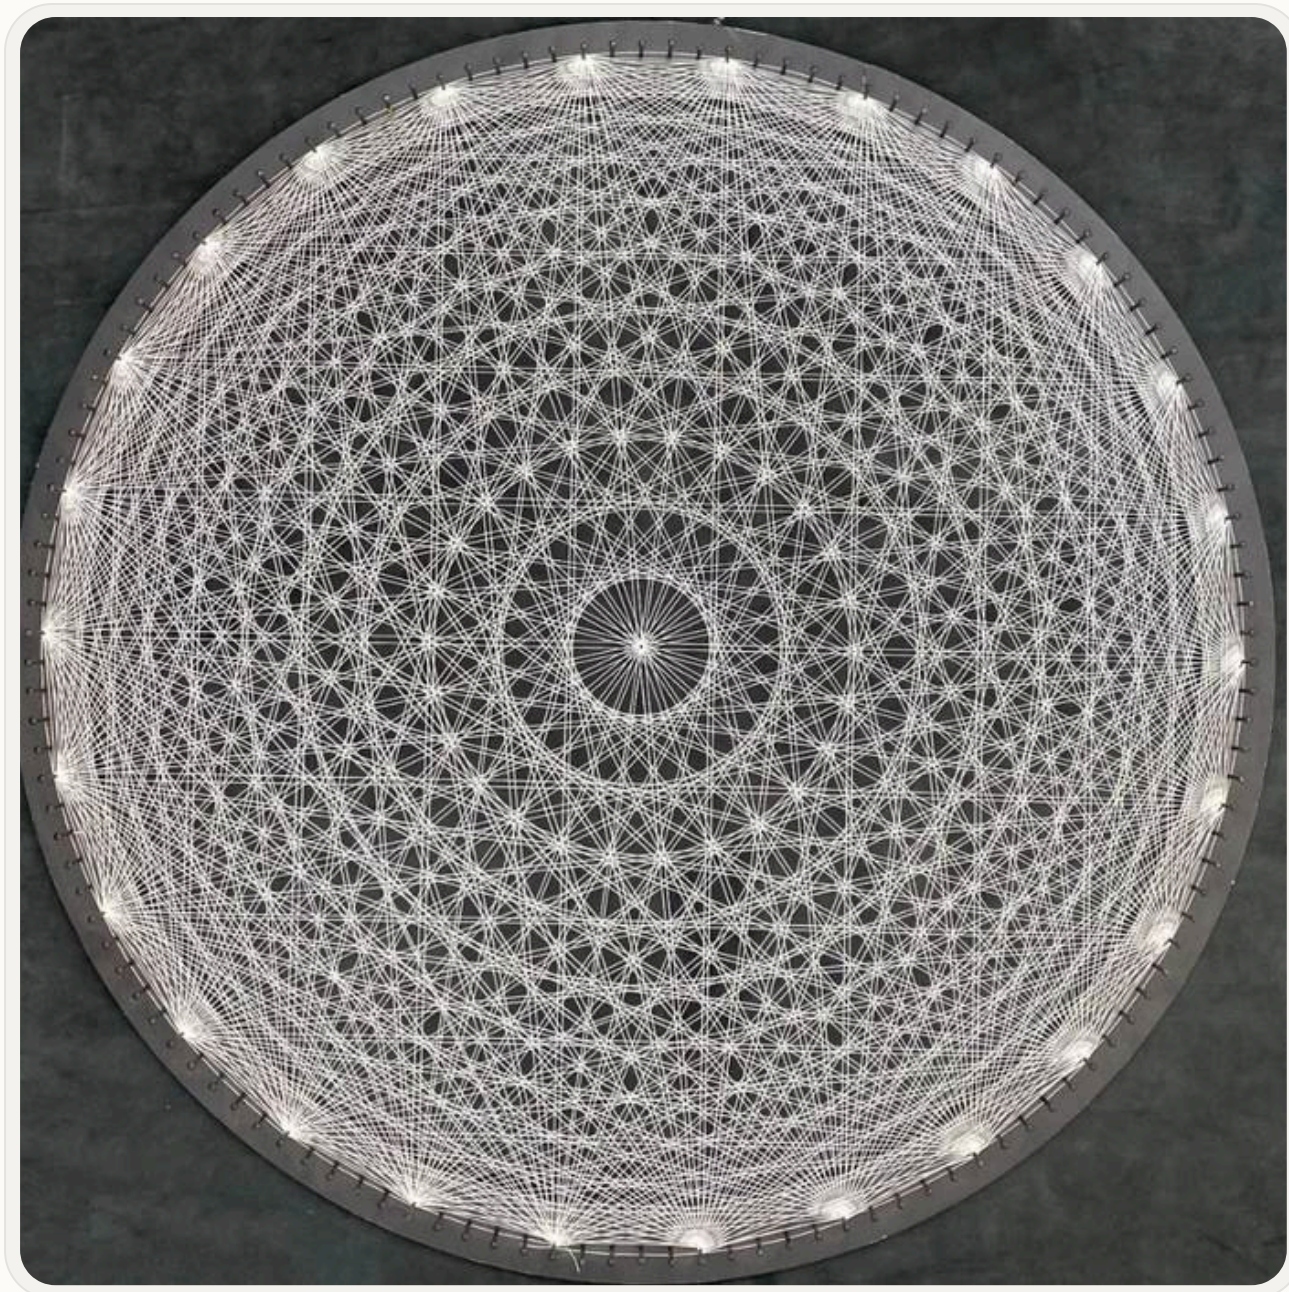

04

Solar Bloom

*White and five shades of yellow burst outward
from a bright core. Rays cross and recross until the
whole surface reads as light.*

YEAR	2025
SIZE	98 cm
THREAD	White and five shades of yellow

05

Interstellar

White thread on a dark ground, arranged in rings that seem to hover. The pattern comes only from long lines crossing, like a map of distant orbits.

YEAR	2025
SIZE	85 cm
THREAD	White

o 6

Emerald Ripple

A single emerald thread spreads in rings from one point at the centre. The largest work in the catalogue, it reads like water moving outward after a stone falls in.

YEAR 2026

SIZE 120 cm

THREAD Emerald

07

Eye of the Forest

Deep green lines gather around an open, dark centre. The piece looks back at the viewer, calm and watchful, like a clearing in dense woods.

YEAR	2026
SIZE	86 cm
THREAD	Emerald

o 8

Lilac Vortex

One violet thread winds into a soft vortex. The lines sit so close that they turn into tone, and the surface seems to move as the light changes.

YEAR	2026
SIZE	76 cm
THREAD	Violet

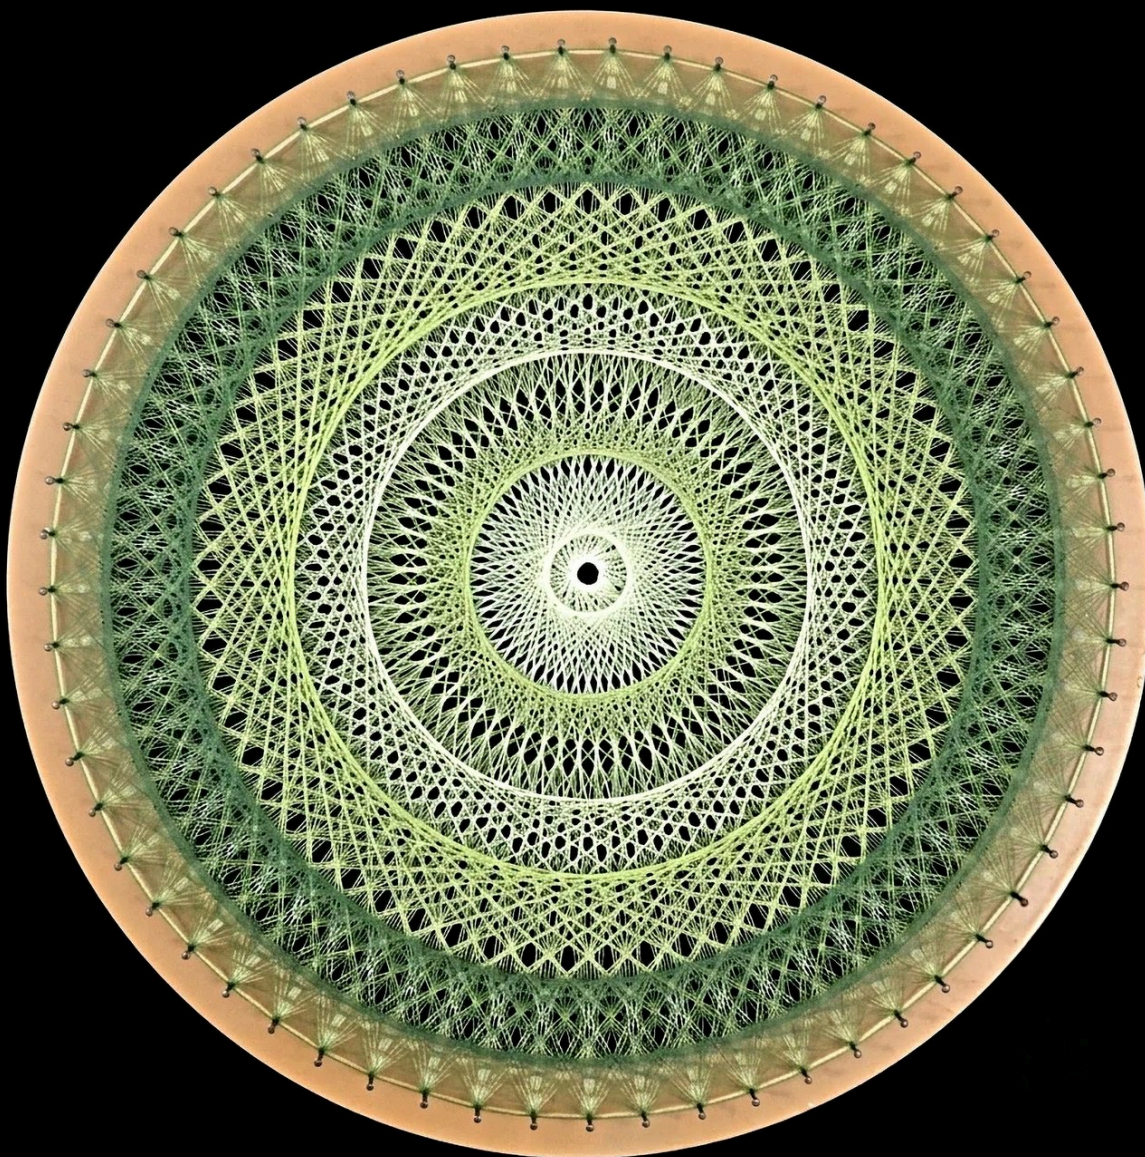

09

Jungle Halo

Shades of green ring a pale centre, held inside a deep burgundy frame. Layer after layer, the halo grows from the edge in, dense as a canopy.

YEAR	2026
SIZE	63 cm

THREAD Shades of green, on a deep burgundy frame

10

Olive Garden

Olive, sage and cream in concentric bands, framed in natural wood. The palette is quiet and warm, like late light through an olive grove.

YEAR 2026

SIZE 63 cm

THREAD Shades of green and cream, on a natural wood frame

About pricing. Every piece is quoted individually. Size, the number of layers, colour changes and the frame all move the figure. Every design here can be commissioned in any size, including the works held in collections. Shipping is quoted separately and confirmed in writing before work begins.
